

## Online Professional Development Available

Delivered totally online, participants can work anytime, anywhere, 24/7, as their schedules permit – no commuting, no missed classes and no dress code!

### Are you looking for online anytime professional development opportunities?

KIDS has partnered with CE Credits Online to provide online anytime learning at a discounted cost for individual registrants. These self-paced courses offer the ultimate in convenience for busy educators. Graduate credit is available through CE Credits Online for an additional fee. The format is engaging and user-friendly; participants find it very easy to navigate.

The courses are fully-administrated with individualized instruction and CE Credits provides customer service and technical support to ensure the very best learning experience possible. The adult learning model accommodates all learning modes and incorporates job-embedded exercises and extensive video modeling for immediate classroom impact, maximum retention, and reinforcement of the techniques and strategies learned.

Many course selections are available in the following topic areas:

- Reading/Language Arts
- Instructional Strategies
- English Language Learners
- Transforming Instruction with Technology
- Classroom Management
- ...and more
